

WELCOME

Welcome to the 49th Eastern Economic Association Annual Meetings which will be held at the Sheraton Times Square in New York City. Our incoming President-Elect **Glenn Hubbard**, session chairs, organizers, and review committee have done a superb job putting together this year's program. I hope you will be as excited as I am to see the substantial intellectual depth and breadth of the sessions. The program furthers the EEA's tradition of encouraging intellectual debate, open to all points of view and areas of economic inquiry. I would particularly like to welcome those presenting at the conference from other regions of the country and other parts of the world.

The *Eastern Economic Journal*, our Association's publication, has continued to flourish under the editorial leadership of **Cynthia Bansak** and **Alan Zebedee**. Two officers of the Association, **Alexandre Olbrecht**, our Executive Director, and **Natalia Smirnova**, our Treasurer, deserve special thanks for their ongoing work tending to the business of the Association. Their leadership has been especially valuable over the past few years, navigating the disruptions of COVID-19, changes in planned conference venues, and an uncertain economic climate. Finally, I would like to thank The Anisfield School of Business at Ramapo College of New Jersey, the College's Board of Trustees and its President, **Cindy Jebb**, for providing a home base for the EEA.

When I attended the EEA's February 2020 conference in Boston, I could hardly have imagined the disruptions ahead. The Association pivoted admirably, holding a virtual conference in 2021 and an in-person conference in Montego Bay, Jamaica in 2022. I found those conferences to be intellectually engaging and enjoyed meeting other enthusiastic participants. Nonetheless, it is exciting to be able to return in 2023 to one of the Association's traditional venues, New York City. It is a thrill to see how many of you were eager to come to New York to present your work. Like me, you are probably looking forward to learning and debating in our sessions and to having the opportunity to form new connections and collaborations---hopefully with most of the disruptions of COVID-19 behind us.

This conference marks the end of my term as president of the Eastern Economic Association. I know the organization will be in good hands with incoming President **Jon Gruber** and President-elect **Glenn Hubbard**. I want to thank the Officers of the Association for navigating these past challenging years and for making this return to New York possible. I also want to thank the contributing associations for their ongoing collaboration with the EEA and the variety of approaches and perspectives that they bring to the conference. Finally, and most importantly, I am grateful to you, the membership, for your consistent enthusiasm for the work of the EEA.

Credits and Thanks

The program chair for this conference is **Glenn Hubbard**. Other session organizers and those listed as the program committee did much of the work. A continuing thanks needs to be made to our organizing committee who through the years have been an instrumental part of building the conference program. Those individuals are:

Ari Belasen, Southern Illinois University- Edwardsville
Juan Cabrera, Ramapo College of New Jersey
Constance Crawford, Ramapo College of New Jersey
Nancy Fox, Saint Joseph's University
Timothy Haase, Ramapo College of New Jersey
Julio Huato, St. Francis College
Donn Johnson, Quinnipiac University
Barry Jones, SUNY - Binghamton
Jane Ruseki, West Virginia University
Alexandre Olbrecht, Ramapo College of New Jersey
Robert H. Scott III, Monmouth University

The content for this guide and its online version were produced at the Anisfield School of Business at Ramapo College of New Jersey. The Association thanks its Webmasters, **Robert Josic** and **Angela Moore**, and its very sleep deprived volunteer student assistants. We also thank **Brad Smith** for running our conference software.

Organizing this year's conference has been an interesting challenge for me and some of the other major contributors, **Al Campbell**, **Steve Deloach**, and **Jimena Gonzalez-Ramirez**. I'd like to thank them for their support, patience and contributions in making this year's program happen.

I'd like to personally thank everyone who contributes their time and energy in making this Association be successful. I usually mention individual thank you's but this year space is limited. Our incoming vice -president, **Joyce Jacobsen**, returns to the EEA, having previously served as an EEJ editor and as an elected director. As she has found out, the EEA is like the KGB, you can never leave but you can take a break for a little while. And oh yes, **Donn Johnson**, the Miami Vice of the EEA is just that awesome too.

And finally, welcome to the world **Charlotte Ann Olbrecht**, born July 1, 2022.

If there is anything myself or my staff can do to make your experience more enjoyable, please let us know.

Alexandre Olbrecht
EEA Executive Director

Absenteeism / Professionalism

The Eastern Economic Association does its best to ensure that sessions are filled at the time of acceptances. However, we cannot guarantee that presenters, chairs, and discussants fulfill their professional obligation of attendance and performance. In the case of a chair being absent, the first available presenter shall act as chair.

Please inform the EEA staff of any non-participation by a scheduled presenter, chair and discussant, as this information contributes to subsequent acceptance decisions by the program committee.
