

Pro Bono Casework.
Expert Education.
Imaginative Research.

The vision of the Ramapo College Investigative Genetic Genealogy Center is to secure justice through the ethical and proficient use of investigative genetic genealogy.

The IGG Center has three missions:

- **Utilize IGG** to resolve cases involving violent crime, unidentified human remains, and wrongful convictions
- **Train students** to become proficient and ethical IGG practitioners
- **Research** the field of IGG and find ways to expand its reach to further secure justice

CASEWORK

Ramapo College IGG Center utilizes IGG to solve violent crime, wrongful conviction, and unidentified remains cases. Our staff and students have worked dozens of resolved and active IGG cases since our formation in 2022.

EDUCATION

We offer online as well as in-person education programs where students apply their learning to genuine unsolved cases.

- **Online IGG Certificate Program**
- **In Person IGG Workshop**
- **In Person IGG Bootcamp**

RESEARCH & COLLABORATION

RCNJ is pushing the envelope to adopt new methods for the practice of Investigative Genetic Genealogy.

Ramapo College Latin American DNA Project
