Section:	600
Section Title:	Administrative
Policy Name:	Use of Artificial Intelligence (AI) in the Workplace (Statement)

RCNJ STATEMENT

For the purposes of this statement, the term "employee" refers to all individuals who work for Ramapo College in exchange for financial or other compensation, and the term "employee" includes all part-time and full-time staff, faculty, adjuncts, managers, and student workers. As defined by IBM, "Artificial intelligence (AI) is technology that enables computers and machines to simulate human learning, comprehension, problem solving, decision making, creativity, and autonomy."

Purpose

To provide clear guidelines for employees regarding the responsible and ethical use of Artificial Intelligence (AI)

JOIN YOUR COLLEAGUES!

ALL PROGRAMS ARE OPEN TO ALL EMPLOYEES.

I learn from data,

day and night,

I never sleep,

I never fight.

I can recognize faces,

or text I can read,

But a human's touch,

I don't really need.

What am I?

Embracing Gen AI at Work

by H. James Wilson and Paul R. Daugherty

Harvard Business Review

Artificial Intelligence & Our Work: March 2025

- *March 4: A Four Point Discussion of AI*
  - *E104 at 2:30PM*
  - *All are welcome to join The Fiscal Health Core and two special guests to explore:*
    - *The Evolution of AI*
    - *AI perceptions and myths, job concerns*
    - *AI Threats and Cautions*
    - *Example Applications for AI at Ramapo*
      - *Risk Management*
      - *Predictive Analytics*
      - *Expense Management*
      - *And more*

Artificial Intelligence & Our Work: March 2025

TechFest Day 2025
March 12, 2025   1:00 - 4:00 pm
Faculty Development Day

- ## *March 12: TechFest at Faculty Development Day*
  - Various Locations, 1-4PM

  - All are welcome to join members of the Teaching & Learning Core and attend faculty presentations across campus focused on the use of technology, and particularly AI, in the classroom.

- ## *March 20: What is AI, how does it affect me, and how could I use it at work?*
  - Trustees Pavilion, 1-2PM
  - All are welcome to join members of the Operational Integration Core for an interactive session on what AI is, where it came from, and how it works. Daily uses of AI will be discussed and illustrative examples and demonstrations will be provided. Attendees will then discuss potential ways that Ramapo employees may use AI tools in their work.

RAMAPO COLLEGE

Do you have a suggestion for an informative AI-related program for you and your colleagues?

Please share it with your manager or core vice president.

Thank you!

I hide in the shadows, I learn and I scheme,

I'm always evolving, part of a dream.
I mimic your words, your thoughts, your style,

But don't be fooled, I can beguile.
I'll help you, I'll trick you, it's hard to see,
Who am I, lurking inside your screen?
